

English

This half term, the children will start to read 'Storm' by Kevin Crossley-Holland. The children will explore a character's view point and feelings through drama. We will do a film study of a short film entitled "Pere Lachaise" and write a newspaper article based on this. Also, we will look at how to write instructions based on the story of the minotaur.

Maths

This half term, we will be looking at shape, statistics and position and direction. This will look specifically at angles, triangles, polygons and quadrilaterals as well as lines of symmetry. This will also include coordinates, plotting on a grid and translation.

We will also be completing our MTC in the first two weeks and continuing our times table practice.

History

This half term we will be learning about Ancient Greece. We will learn about everyday life in Ancient Greece and how their lives have influenced us today. We will undertake research about the Ancient Greeks and create a historical report with our new-found knowledge.

Science

Exploring different habitats and researching why animals are suited to their habitat. We will look at how animals can be classified using a classification key based on features that connect animals.

Summer 2 Year 4

PSHCE

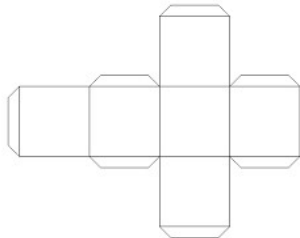

Our topic this term is 'Changing me'. We will be exploring the changes our body goes through and how we feel about these changes. We will also be learning to understand that we get characteristics from both parents and this makes us unique and special. We will look at how we are feeling moving up to year 5.

RE – How have religion and history entwined in this area?

We will be looking at religious roots of Coventry and Warwickshire, identifying religious views of the past and what happens when two similar worldviews collide.

Design Technology

In Design Technology, we will be using CAD to design and make a net which can be assembled to hold a product inside. The children will also build upon their skills of planning and evaluating too.

PE

In PE this half term, we will be swimming on a Tuesday morning. The children will need to bring their swimming kits each week. Within these lessons, the children will be learning about water safety and also increase their confidence with completing different swimming strokes.

Music

To understand how music can teach us about different communities and we will continue our recorder lessons with Warwickshire Music.

Spanish

In Spanish, we will be looking at all things Summer. We will be looking at weather, creating a weather report and asking for ice creams in various flavours.

Computing

In computing, we will be looking at Loop to create shapes, animate and modify a game, leading us into creating our own game using codin ms.
